*Progress Report*

004439K

Dear Mr. Sharpe:

I am contacting you regarding your memo dated August 20, 2002 to Highland Township regarding the referenced project. Please refer to the letter we sent to you dated March 14, 2002. The BNSF has recently worked on the crossing, but it is not finished. Since the crossing is not complete, the township could not apply oil and chip to the approach surface this year. If the BNSF completes the crossing later this year, the township will oil and chip the approaches next summer.

Very truly yours,

Craig Cassem, P.E.  
County Engineer
